I am immensely happy that Government Medical College, Kannauj is organizing a National Conference on Adolescent Health. Adolescents are the future of our nation and empowering them means laying down a strong foundation for a glorious tomorrow and making our country healthy and prosperous for years to come. Government Medical College, Kannauj is committed to the all round development of Medical Professionals and the population at large and continues to march on the way to success with confidence.

About Kannauj

Kannauj, the Perfume Capital of India, is an ancient city, in earlier times, the capital of Emperor Harshavardhan. Kannauj is known for the distilling of scents and is a market center for perfume, and rose water. Main attractions of the city are the Gauri Shankar Temple and a bird sanctuary, Lakh Bahosi spread over two lakes near the villages of Lakh and Bahosi. Primarily a bird sanctuary, species from 49 genera can be seen at the sanctuary. It is one of India's larger bird sanctuaries, covering an area of 3 km and home to various migratory birds from November to March.
